

## **Instruction sheet**

# **Equipment for the cleaning help**

Here you can find the information on the equipment that is needed for your cleaning help. We would like to give you some tips and tricks to make it possible for the cleaning help to work in the most ergonomic way.

### **1. Working on heights.**

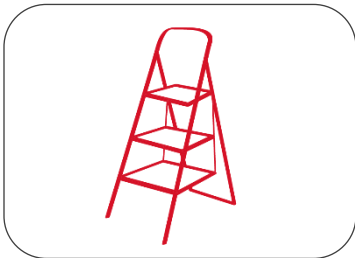

Unfortunately falling of ladder is one of the most common working accidents that can cause a lot of injuries. A ladder can be useful to clean on heights, but the alternative of telescopic equipment is much **safer** to use and recommend. The extendable feature allows the cleaning help to adjust the length of the handle to the specific cleaning task, thereby avoiding working on a step ladder.

#### **Telescopic stick**

With a telescopic stick the cleaning help can work in safe and efficient way with less physical stress and still access to hard-to-reach areas.

Telescopic sticks are most of the time compatible with different cleaning accessories, like brushes, mops and squeegee ...

#### **Stepladder (Norm en-131)**

- Max 3 steps.
- Antislip on the steps and legs.
- Support bracket so that 3 points of contact are always possible.

*Attention! It is forbidden to use a stepladder for cleaning windows.*

## 2. Dusting (furniture, floors and other surfaces)

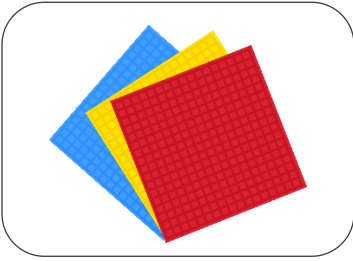

### Dustpan

Tip: Use a dustpan with a long handle.

---

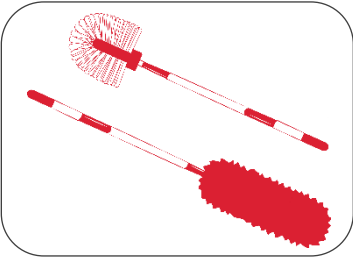

### Microfiber cloth

Tip: Provide enough microfiber cloths in different colors. The different colors will refer to a different task.

---

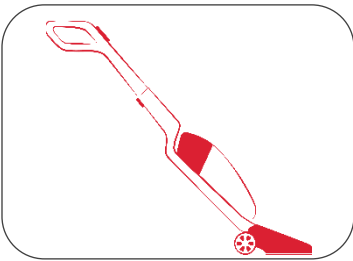

### Duster and ceiling mop

Tip: Make sure that the duster/ceiling mop has an extendable telescopic stick.

---

### Vacuum cleaner

Tip: Provide a light and compact vacuum cleaner with a telescopic stick.

*Attention! The stairs are best vacuumed with a wireless vacuum cleaner.*

---

### Brush

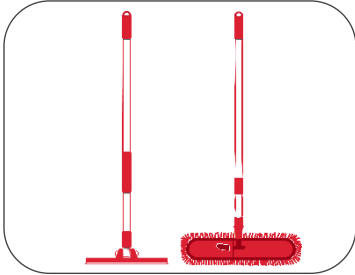

Tip: Provide a telescopic stick

Telescopic sticks are often compatible with different cleaning accessories, like brushes, mops and squeegee. They can be used in multiply ways and can be used for several tasks.

---

### 3. Cleaning the floor with water

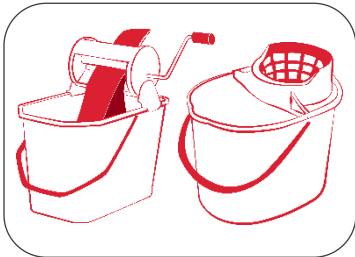

#### Squeegee, mop or microfiber cloth

Tip: Provide a telescopic stick

Telescopic sticks are often compatible with different cleaning accessories, like brushes, mops and squeegee. They can be used in multiply ways and can be used for several tasks

---
