INSTRUCTIONS

WHAT TO DO IN CASE OF FIRE?

- Raise the alarm (warn other residents).
- Stop your activity and turn off appliances.
- Leave the building immediately, closing all doors and windows behind you.
- Leave all materials and personal belongings behind.
- Check that everyone has evacuated the building.
- Do not use elevators.
- Do not go back inside.
- Never open a door that feels warm to the touch (there may be fire on the other side).
- In case of smoke, keep one hand on the wall to avoid disorientation.
- Contact the fire department, the customer, and your JobCenter.

IF THE FIRE BLOCKS YOUR QUICKEST EVACUATION ROUTE, USE AN ALTERNATIVE EXIT SUCH AS A WINDOW OR ANOTHER DOOR.

If trapped by fire: (no other exit):

- Close all doors and windows in the room.
- If possible, take shelter in a room where water is available.
- Make yourself visible at the window.
- Seal the gaps around the door with damp cloths and wet the door if you can.
- Cover your nose and mouth with a damp cloth.
- Close other ventilation openings to prevent smoke from entering.
- If smoke develops: Lie close to the ground to breathe fresher air.

WHAT TO DO IN CASE OF POWER OUTAGE?

- Stop your activity.
- Inform the JobCenter and the customer.
- Do not attempt to restore power yourself (do not touch the electrical distribution box).
- In consultation with your JobCenter, either continue with certain tasks (if possible) or leave the workplace.
